Facilities Management Invitation to Tender

4. DEFINITIONS	15
APPENDIX A. INSTRUCTIONS AND INFORMATION FOR BIDDERS.....	17
APPENDIX B. STATEMENT OF FULL DISCLOSURE	20

1. INTRODUCTION

1.1 Profile

Facilities Management (“FM”) provides facilities management services for Fraser Health Authority (FHA), Providence Health Care Society, Provincial Health Services Authority (PHSA) and Vancouver Coastal Health Authority (VCH).

FM is issuing this Invitation to Tender (ITT) on behalf of the Vancouver Coastal Health Authority (the “Health Organization”).

1.2 Purpose

This Invitation to Tender is being issued by the Health Organization for proposed interior tenant improvements to the existing Medical Device Reprocessing Department (“MDRD”) on the Ground Level of Koerner Pavilion including the replacement of the existing sterilizer units with new units in a revised location to meet operational and functional needs.

This Invitation to Tender is being issued by the Health Organization for General Radiology Department at VGH (Room 13) is in urgent need of equipment replacement. The existing X-Ray equipment at Jim Pattison Pavilion – South – Rm. G811 has not been functioning for two years and requires replacement as the unit is currently beyond its end of life. In order to maintain fundamental X-ray services at VGH, General Radiology department requires at least four X-ray rooms to be in functional/working order simultaneously. Currently only two of the four required X-Ray Rooms are functioning optimally (Rm 11- G803 & Rm 14- G814) were replaced three years ago. The third has reached its end of life and can only do simple case loads or procedures.

The fourth X-Ray as noted above needs prompt replacement

Having all required X-Ray equipment working at VGH to optimum capacity is a necessity as it is an acute site with an ER department that demands these services. The existing room is expected to fit new/proposed equipment as its been selected for a like for like in-situ replacement, however there will be renovation work required to bring the room up to code, and accommodate electrical, mechanical, HVAC, and radiation safety requirements of the new equipment.

1.3 FM Online Bidding System

FM is conducting this ITT process using the FM Online Bidding System. Please refer to section 3.24 of this ITT regarding use of the FM Online Bidding System.

Bidders should familiarize themselves in advance with the FM Online Bidding System and any rules and requirements of the FM Online Bidding System.

2. MANDATORY REQUIREMENTS

A Tender that fails to meet the following Mandatory requirements will be excluded from further consideration.

Mandatory Requirements	
1.	The Tender must be received by the FM Online Bidding System before the Closing Time on the Closing Date. The Closing Time will be established by the time clock shown on the FM Online Bidding System
2.	<p>The Tender must include the following:</p> <ul style="list-style-type: none"> A. A bid bond in compliance with the requirements outlined in Section 3.3. B. Confirmation of surety letter or letters in compliance with the requirements outlined in Section 3.10 with respect to the performance bond and labour and material payment bonds required under the terms of the Contract. C. Schedule of Values in both electronic and hard copy using the template provided at Appendix C.1. D. Hourly rates for various positions within designated trades as outlined in the template provided at Appendix C.2. The Bidder acknowledges that these rates will be used in evaluating the bids and change orders (including credits). E. Project Schedule reflecting the requirements outlined in Section 01 32 00 of the Specification F. List of key personnel of both the Bidder and all Trade Contractors
3.	The Bidder must use subcontractors that have been prequalified by FM over subcontractors that have not been prequalified.

3. TERMS AND CONDITIONS OF THE INVITATION TO TENDER (ITT)

The following terms and conditions apply to this ITT, in addition to those in Appendices A and B. Submission of a Tender in response to this ITT indicates acceptance of all these terms and conditions, as well as those that are included in any addenda issued by the Health Organization. Tenders that contain provisions which contradict any of the terms and conditions of this ITT may be rejected.

3.1 Non-conforming Tender

Tenders which comply with the Mandatory requirements listed in Section 2 may be further reviewed. The Health Organization reserves the right to waive an omission, qualification, irregularity, failure to comply with this ITT or other defect in a Tender, and accept that Tender.

3.2 Tender Price

The total Tender price quoted will represent the entire cost to the Health Organization to complete the work, including all:

- (a) costs due to premium time or overtime work required to meet the completion date and any requirements of the Health Organization as expressed in this ITT, including for partial occupancy, whether such costs are attributable to the Bidder's staff or subcontractors;
- (b) costs for installation of Health Organization furnished items noted in the List of Itemized Prices (if any), including associated costs, if necessary, of receiving, inspecting, unloading, handling and temporarily storing, and of all additional work required to achieve a complete operable system and related supervision, administration, overhead and profit;
- (c) bonding costs for the performance bond and labour and material payment bond required on Contract execution;
- (d) duty and delivery charges, where applicable, and FOB destination;
- (e) cash allowances, if any, set out in the Tender form; and
- (f) applicable taxes and fees as they may apply to the Contractor, excluding GST. GST should be identified separately.

Prices should be quoted in Canadian dollars.

If the Health Organization requests alternate prices in the Tender form for certain alternate work, products or materials, the alternate prices will be separate from and will not form part of the Tender price. The Health Organization reserves the right in its sole discretion to include some or all of

Facilities Management Invitation to Tender

such alternate work, products and materials and alternate prices in the Contract with the successful Bidder, either as part of the initial scope of work or as optional work that the Health Organization may elect to add to the scope of work in future.

3.3 Bid Bond Requirements

A bid bond in an amount not less than 10% of the Tender price is required and must be submitted with the Tender. Certified cheques and letters of credit will not be accepted. Tenders without an accompanying bid bond, or a bid bond in an insufficient amount, or a bid bond that is not signed, will be automatically rejected.

The bid bond should be issued on a CCDC 220 Bid Bond form, or other form approved by the Surety Association of Canada, with the Health Organization named as the obligee.

If a Bidder withdraws its Tender during the irrevocability period set out in Section A.6 of APPENDIX A, or if the selected Bidder declines to enter into a Contract or fails to deliver all of the documents set out in Section 3.9 within the period identified in Section 3.9 [Contract Award] or other period of time agreed upon by the Health Organization, its bid bond will be forfeited and the Health Organization may, in addition to other remedies available to the Health Organization in law or equity, retain as liquidated damages the lesser of:

- the difference between that Contractor's Tender price and the accepted Tender price; and
- the full amount of the bid bond.

3.4 Additional Information Regarding the ITT

All subsequent information regarding this ITT, including changes made to this document by addenda, will be posted on the FM Online Bidding System. It is the sole responsibility of the Bidder to check for addenda and additional information on the FM Online Bidding System.

3.5 Changes to Tenders

A Bidder cannot change or add to the wording of its Tender after the Closing Time on the Closing Date and no adjustments of any kind will be allowed unless requested by the Health Organization for purposes of clarification.

3.6 Eligibility

The Health Organization reserves the right to reject a Tender if the Bidder's current or past corporate or other interests may, in the Health Organization's opinion, give rise to a conflict of interest or unfair advantage (whether actual or perceived) in connection with the project described in this ITT. Refer to Appendix B for more information. If a Bidder is in doubt as to whether there might be a conflict of interest or unfair advantage, the Bidder should consult with the Contact Person prior to submitting a Tender.

The Health Organization reserves the right to disqualify any Bidder that becomes involved in a dispute, or is involved in an ongoing dispute, with any of the Health Organizations during the course of this ITT process if the Health Organization, acting reasonably, believes such dispute

may negatively affect the project or the working relationship between the Health Organization and the Bidder.

3.7 Receipt of Single Bid

If the Health Organization only receives one compliant Tender in response to this ITT, the Health Organization may, at its sole discretion, accept the Tender or may reject the Tender and proceed with the work in some other manner, including by reissuing the ITT with or without revisions or by negotiating a contract with any person, including any person that submitted a Tender.

3.8 Investigations, Clarifications and Interviews

To assist in the evaluation of tenders the Health Organization may, at its sole discretion:

- (a) conduct any background investigations and/or seek any additional information that it considers necessary;
- (b) request clarifications or additional information from a Bidder with respect to any Tender (including without limitation a further breakdown of relevant components of the total Tender price), and the Health Organization may make such requests to only selected Bidders; and
- (c) request interviews with any, some, or all Bidders to clarify any questions or considerations based on the information included in a Tender or seek any supplementary information.

The Health Organization may rely on and consider any information obtained pursuant to this Section in the evaluation of Tenders.

3.9 Contract Award

By submission of a Tender, the Bidder agrees that should its Tender be successful, the Bidder will enter into a Contract with the Health Organization in the form described in the definition of "Contract". FM reserves the right in its sole discretion to negotiate changes to the Contract, including the terms of a Tender and pricing or other financial terms.

When the Health Organization has selected a Bidder, the Health Organization will notify the successful Bidder and provide a copy of the Contract for signature. That Bidder will provide the information and/or undertake the following actions within the identified time frame from the date of receipt of such notification:

- (a) Within one Business Day, provide the names and resumes of key staff that will be providing full time supervision throughout the duration of construction, for the Health Organization's review and approval or rejection;

Facilities Management Invitation to Tender

- (b) Within two Business Days, provide a complete list of subcontractors and manufacturers or suppliers of all major equipment and products intended for use in the Contract, for the Health Organization's review and approval or rejection;
- (c) Within two Business Days, provide a WorkSafe BC clearance letter evidencing registration and good standing;
- (d) Within fourteen Business Days or such longer period as reasonably required by the Health Organization:
 - Enter into a Contract with the Health Organization incorporating the terms and conditions identified in this ITT and any other terms and conditions as the Health Organization may reasonably require; and
 - Provide documents as stipulated by the Contract, including the Supplementary Conditions to the CCDC2/2020 (including the insurance and bonds).

If, due to delays by the selected Bidder, a written Contract is not signed by the Bidder within such fourteen Business Day period or such longer period as reasonably required by the Health Organization, the Health Organization may, at its sole discretion at any time thereafter: terminate discussions with that Bidder and enter into a Contract with the next lowest compliant Bidder; terminate the ITT and not enter into a Contract with any of the Bidders; or proceed with the work in some other manner, including by re-tendering or by negotiating a contract with any person (including any person that submitted a Tender).

FM reserves the right to issue a limited notice to proceed, or to enter into an interim agreement with the selected Bidder, authorizing commencement of work while the Contract is being finalized and executed.

3.10 Confirmation from Surety

Tenders must be accompanied by a letter, or similar confirmation acceptable to the Owner, from the Tenderer's surety or sureties indicating that the surety or sureties will supply the performance bond and labour and material payment bond required by the Contract if the Tender is awarded the Contract (see the Supplementary Conditions to CCDC2/2020).

3.11 Bidders' Expenses

Bidders are solely responsible for all of their own costs and expenses in relation to this ITT, including those related to preparing and submitting a Tender and for meetings, discussions and negotiations with the Health Organization, if any.

3.12 Limitation of Damages

By submitting a Tender, each Bidder agrees that:

Facilities Management Invitation to Tender

- (a) it will not bring any claim, action, demand, suit or cause of action, whether arising in contract, tort (including negligence) or otherwise (a “Claim”) against FM or the Health Organization or any of their respective employees, directors, officers, advisors or representatives for any costs, damages or other compensation in excess of the amount equivalent to the reasonable costs incurred by the Bidder in preparing its Tender for any Claim or matter relating directly or indirectly to this tender process; and
- (b) it waives any Claim against the FM or the Health Organization or any of their respective employees, directors, officers, advisors and representatives for any compensation of whatsoever nature or kind including, without limitation, for loss of anticipated profits, indirect, incidental or consequential damages or losses, including, without limitation, if FM rejects or disqualifies or for any other reason fails to accept a Tender, fails to identify or correct a discrepancy in a Tender, accepts a non-compliant or materially non-compliant Tender, fails to proceed with the Contract or the project described in this ITT or otherwise breaches the terms of the ITT or any duties arising from this ITT process.

3.13 Proposed Sub-Contractors and Project Staff

All subcontractors and key staff listed in a Tender should have current training, appropriate trade licenses, knowledge and skills in the areas relevant to the work for which this ITT is issued (e.g. infection control, sterile processing, plumbing, electrical, HVAC, etc.). The Health Organization reserves the right to reject a Tender if the Health Organization, in its discretion, believes one or more subcontractors or key staff does not have all of these qualifications.

Bidders **must** use subcontractors that have been prequalified by FM over subcontractors that are not prequalified. Failure to do so will result in rejection of a Bidder's Tender.

In the case of subcontracted work for which a subcontractor has not been prequalified, the Health Organization reserves the right to object to a proposed subcontractor, key staff, manufacturer or supplier, in which event:

- (a) the Health Organization will permit a Bidder, within 5 Business Days, to propose a substitute subcontractor, key staff, manufacturer or supplier acceptable to the Health Organization (provided that there is no resulting adjustment to the time for achieving Ready-for-Takeover) or the Bidder may withdraw its Tender; and
- (b) the Bidder may adjust its Tender price to include any resulting contract cancellation, hiring, termination or re-hiring costs incurred by the Bidder or the subcontractor.

3.14 Acceptance of Tenders

This ITT and the award of a Contract is subject to confirmation of receipt of full project funding. The Health Organization may in its sole discretion cancel the ITT, withhold award of the Contract,

cancel the project or proceed with the project in some other manner, including by re-tendering or by negotiating a contract with any person, including any person that submitted a Tender.

Neither acceptance of a Tender nor execution of a Contract will constitute approval of any activity or development contemplated in any Tender that requires any approval, permit or license pursuant to any federal, provincial, regional district or municipal statute, regulation or by-law.

3.15 Site Information

By submitting a Tender, a Bidder represents that it has:

- (a) visited and carefully examined the site, the access thereto, all existing conditions, utilities and services which may have to be protected, removed, or relocated, and all limitations and difficulties which may be encountered; and
- (b) carefully reviewed all site condition reports made available by the Health Organization (if any),

or has specifically elected not to do so. The Bidder is solely responsible for any error or neglect on the Bidder's part with respect to the site examination or site condition reports. No additional payments or time extensions will be allowed or entertained for any work, material, or difficulties related to conditions at the site that were disclosed in any site condition reports made available by the Health Organization (if any) or were reasonably foreseeable by a contractor qualified to undertake the Work.

3.16 Liability for Errors

While the Health Organization has used considerable efforts to ensure information in this ITT is accurate, the Health Organization does not guarantee or warrant that the information contained in the ITT (including information on the site conditions) is complete or accurate.

Nothing in this ITT is intended to relieve Bidders from forming their own opinions and conclusions with respect to the matters addressed in this ITT.

3.17 Modification of Terms

The Health Organization reserves the right to modify the terms of this ITT at any time at its sole discretion. This includes the right to cancel this ITT at any time prior to entering into a Contract with the successful Bidder, or to reject any and all Tenders. The Health Organization will implement modifications to the ITT by issuing written addenda, which will become part of the ITT. The ITT may only be modified by way of written addenda issued by the Health Organization and no other form of communication, including oral or written explanations or representations from the Contact Person or any other person will affect or amend any provision of the ITT.

3.18 Ownership of Tenders

Tenders become the property of the Health Organization and will not be returned to Bidders.

3.19 Confidentiality

This ITT and any information supplied by the Health Organization in relation to this ITT may not be used or disclosed by Bidders for any purpose other than for the submission of Tenders. Without limiting the generality of the foregoing, by submission of a Tender the Bidder agrees to hold in confidence all information supplied by the Health Organization in relation to this ITT.

Tenders will be received and held in confidence by the Health Organization, subject to the provisions of FOIPPA and other applicable laws and subject to the terms of Section 3.24 (FM Online Bidding System) of this ITT.

3.20 No Lobbying

With the exception of the Contact Person, Bidders should not attempt to communicate directly or indirectly with any employee, contractor or representative of the Health Organization or with members of the public or the media about the project described in this ITT or otherwise in respect of the ITT, other than as expressly directed or permitted by this ITT or the Health Organization.

3.21 Collection and Use of Personal Information

The Health Organization, as a public body, is subject to legislation, including FOIPPA, governing public access to information and the collection, use, retention, security and disclosure of personal information.

Under FOIPPA, any Health Organization records are subject to access by the public. The Health Organization shall comply with the provisions of FOIPPA relating to third party information. The Bidder shall at all times comply with all requirements of the Health Organization to protect confidential information from disclosure.

3.22 Security Clearance

The Health Organization may, at its sole discretion, require security clearances, including criminal records check, in a form that is satisfactory to the Health Organization, from the successful Bidder before entering into a Contract. Any costs associated with obtaining such security clearances will be borne by the successful Bidder.

3.23 Privilege Clause

The Health Organization will not be bound to accept the lowest Tender and reserves the right to accept, reject or cancel, any and all Tenders.

3.24 FM Online Bidding System

By submitting a Tender, each Bidder agrees to the following terms related to use of the FM Online Bidding System:

- (a) **Compatibility of Bidder's Computer System.** Each Bidder is solely responsible for ensuring that its computer hardware and software are compatible with that required to use the FM Online Bidding System.

Facilities Management Invitation to Tender

- (b) Online Documents and Communications. Each Bidder acknowledges that online documents and / or communications may be distorted in the process of transmission or may be displayed differently to different Bidders for technical reasons related to their computer systems. It is the responsibility of each Bidder to ensure it has received all information related to this ITT and the accuracy of all documents and communications the Bidder provides to the Health Organization.
- (c) Access Information Security. Each Bidder will keep its ID, password, personal identification number and / or online signature (collectively the “Access Information”) strictly confidential, and will notify FM Online Bidding System promptly if any such information is lost or stolen or if the Bidder becomes aware of any unauthorized access or use of the FM Online Bidding System or its Access Information. By submitting a Tender, a Bidder warrants that it has put in place, and will at all times maintain, reasonable security procedures regarding use of the FM Online Bidding System. The Health Organization will not be responsible to confirm the identity or authority of any individual using the Bidder’s Access Information.
- (d) No Warranties. The FM Online Bidding System is provided on an as is, as available basis. The Health Organizations specifically disclaim any warranties, representations and conditions of any kind, whether express or implied, including without limitation implied warranties, representations and conditions of non-infringement, availability, security, reliability, accuracy, fitness for a particular purpose or merchantability.
- (e) Limitation of Liability. The Health Organizations, and any employee, agent or representative of any of them, cannot guarantee continual, uninterrupted or error free service as disruptions or malfunctions may delay, interfere with or disrupt the online bidding process, including the online transmission and receipt of Tenders. By submitting a Tender on the FM Online Bidding System, a Bidder acknowledges that the submission of Tenders is conducted online and relies on hardware and software that may malfunction without warning. Without limiting Section 3.12 of this ITT, no Bidder will have any Claim against the Health Organizations for compensation as a result of the disruption or malfunction of the FM Online Bidding System, including in relation to: (i) inability to access or use or delays in accessing or using the FM Online Bidding System; (ii) unauthorized access, use, disclosure, or alteration of information submitted by a Bidder, or unauthorized use or misuse of any Access Information; (iii) acts of any third party using the FM Online Bidding System; or (iv) any other matter relating to the services or the content accessible through use of the FM Online Bidding System.

3.25 Language

Tenders should be in English. The Health Organization reserves the right to not review or evaluate any portion of a Tender that is not in English.

3.26 Corrections to Pricing

The Tender price should be the sum of all of the extended total amounts in the Tender. If the Health Organization identifies any discrepancies in a Bidder's prices between the total of the itemized prices and the Tender price, then Tender Price will be deemed to be correct. If an itemized price has been omitted, then the itemized price will be deemed to be included within the other itemized process that comprise the Tender price.

3.27 Tender Submission

By submitting a Tender, Bidder has carefully read and examined the Invitation to Tender, including its appendices and have conducted such other investigations as were prudent and reasonable in preparing the Tender. Through submission of this Tender, Bidder agree to all of the terms and conditions of the Invitation to Tender. The information contained in the Tender submission, inclusive of all supplementary forms, is accurate and Bidder agree to be bound by the statements and representations made in the Tender and to any agreement resulting from the Tender.

A.6. Tender Validity

Tenders will be irrevocable and open for acceptance for forty four (44) days after the Closing Date.

APPENDIX B. STATEMENT OF FULL DISCLOSURE

Bidders should include with their Tenders a completed Relationship Disclosure Form and a completed Funding Disclosure Form, each in the formats provided below. The Health Organization reserves the right to disqualify any Bidder that in the Health Organization's opinion has a conflict of interest or unfair advantage, whether real, perceived, existing now or likely to arise in the future, or may permit the Bidder to continue and impose such conditions as the Health Organization may consider to be in the public interest or otherwise required by the Health Organization.

B.1. Relationship Disclosure Form

Each Bidder, including each member of a Bidder's team, is expected to fully disclose all relationships they may have with the Health Organization or any staff or former staff of the Health Organization or any other person who has been involved in the Invitation to Tender or the design, planning or implementation of the work.

With any relationship disclosure, the Bidder should include sufficient information and documentation to demonstrate that appropriate measures have been, or will be, implemented to mitigate, minimize or eliminate the actual, perceived or potential conflict of interest or unfair advantage, as may be applicable. The Bidder will provide such additional information and documentation and implement such additional measures as the Health Organization may require in its sole discretion in connection with the Health Organization's consideration of the disclosed relationship and proposed measures.

The Bidder declares on its own behalf and on behalf of each member of the Bidder's team that:

- a. this declaration is made to the best of the knowledge of the Bidder and, with respect to relationships of each member of the Bidder's team, to the best of the knowledge of that member;
- b. the following is a full disclosure of all known relationships that the Bidder and each member of the Bidder's team has, or has had, with:
 - (i) the Health Organization;
 - (ii) any employees of the Health Organization;
 - (iii) any former employees of the Health Organization who ceased to hold such position within one calendar year prior to the Closing Date; and/or
 - (iv) any other person who, on behalf of the Health Organization, has been involved in the Invitation to Tender or the design, planning or implementation of the work.

Name of Bidder Team member	Name of Party with Relationship (e.g., list Authority, employee of Authority, etc.)	Details of the Nature of the Relationship
